Examiner Batson

Per today's telecon, attached is a copy of the papers faxed to Examiner Weiss on 25 Feb, also a copy of Examiner's Meyers' decision dated 22 June. Note that the box authorizing extension was checked. So even if the papers submitted did not prove a filing date of 23 Sept, they did prove a timely filing (with extension) on 29 Sept. Accordingly, I believe the Dismissal was in error and the Petition should have been granted. I would appreciate a call on Monday.

Mr. May,

The paper has been matched with the file and was sent to the Special Program Examiners to revive your application.
